RE: INFORMATION AND WATER RATE FOR 2013

This correspondence will provide you with the billing structure and rate for water district during the 2013 calendar year. Please retain this information for your records.

For tax preparation purposes, your portion of the interest paid during 2012 on the debt for the water was \$77.33. Please consult with your tax advisor as to the deductibility of these costs.

For calendar year 2012, actual revenues were just below the level to meet expenditures for the district. The district applied \$4,930 in principal against \$78,950 of debt the district maintains from capital improvements.

For 2013, water rates will remain at the same rate as the past three years.

The operations budget for the water system is \$25,775 in 2013. Debt services adds an additional \$10,000. The operation budget is represented in the following components:

Administration - \$5,625 covers annual charges for administrative efforts in the operation and billing. Includes insurances, legal, accounting, computer, mailings and engineer consulting.

Source of Power, Supply and Pumping - \$18,100 covers daily contractual coverage by plant operator, fuel, electricity, cost of water purchased, general system maintenance, testing and funds designated for repair of raw water pumps and equipment.

Purification – Includes the cost of chemicals and repair of equipment used in the water treatment process.

Transmission and Distribution - \$2,050 includes the cost of maintenance and repair of pumps, equipment and water mains (piping).

<u>Rate Comparison</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>
• Flat Rate per Quarter	\$219.69	\$219.69	\$219.69
• Allowance per Quarter	10,000	10,000	10,000
• Cost per Gallon, above allowance	.015	.015	.015

Each quarter, all accounts will be billed for the flat rate which includes usage up to 10,000 gallons. The flat rate encompasses Debt Services and Operation & Maintenance costs.

Prior to the January, April, July and October billings, water meters will be read to determine water use for each account. Bills will be prepared and reflect the amount of water used during the previous period. **Your cost will be directly affected by your water consumption.**
