

Effective **Monday, May 13, 2019 at 0700 hours**, the Access Road (via Prospect Hill Road) to Brewster Yard will be closed to all vehicular traffic for reconstruction.

During this shutdown, **the North entrance to the yard will not be accessible by Prospect Hill Road**. Access to the North entrance will be provided through the Southeast station commuter parking lot.

The roadway reconstruction will shift the Access Road southward and improve its alignment and grade. Construction is expected to be complete within 5 weeks.

Your cooperation is appreciated while we make necessary improvements to enhance the safety of our railroad.
